ANNUAL REPORT, 2012

General Report

At the end of 2012, ONE has 16 scholarship applicants, up from seven the year before. Three recipients (Mamta Bije Panda, Andi Macial Poveda and Ana Regina Davila Mendoza) withdrew from the program due to personal conflicts (family constraints).

By-laws were amended September 7, 2012 to include up to five members on the board. Cory Sheeley was unanimously voted onto the board for a current total of three members. Board members may remain on the board for as many consecutive terms as he or she would like with a simple majority vote of standing board members. All votes may now be passed with a simple majority.

ONE board members agreed on the wording of an “Understanding of Agreement” that both the family and the recipient must sign annually. This agreement is not a contract, but is designed to give ownership of the responsibilities of the scholarship to both the student and her family. In cases where no family exists (Tanzania), the orphanage personnel may sign the agreements.

Fundraising efforts were focused on the website, word of mouth, electronic mailings and an annual fundraiser, the Family Dance Party and Fundraiser, which brought in more than \$800 in September. The Facebook page is getting more exposure, and contains albums of all the scholarship recipients.
